Agenda

- Market Overview
- Competitive Environment
- SWOT Analysis
- Financial Analysis
- Approaching the Problem
- Summary

Strategic Plan

Exclusive partnership
with CloudKitchens and
restaurants

Small Businesses Inc.

Implement a
subscription based
model

Choose A Plan	
Yearly	Monthly
\$59.99 USD Per Year	\$9.99 USD Per Month

Turn GrubHub into a
“Social Food App”

GRUBHUB

Market Overview - Food Delivery Industry

- Food Delivery market was growing rapidly before 2017
- In 2019 the total market revenue was 8.7 bln USD
- The revenue is projected to grow for the next 5 years
- The growth rate slows down starting 2017

Competitive Environment

Major Competitors:

Uber Eats

- DoorDash and GrubHub are major players
- DoorDash's revenue increased 143% in 2019
- Uber Eats is highly unprofitable and open to acquisition
- Industry consolidation: Uber Eats & Postmates will be sold out to one of the major players

GRUBHUB

SWOT Analysis

Strengths:

- Stable revenue growth
- Brand recognition
- Large market share
- Partnership with Venmo

Opportunities:

- Walk-in restaurants inefficiently serving delivery customers
- Cannot order from different restaurants at the same time

Weaknesses:

- Lost 20% of market share in 1 year
- Listing businesses without their agreement

Threats:

- DoorDash investing in autonomous cars
- Competitors offering subscription plans
- Price wars

Financial Analysis

- Raised leverage in 2017 to finance acquisitions and is successful in paying back
- Generates significant amount of cash from operations
- Has additional availability from extended credit facility

**Solvent and
adequately liquid**

Approach

Main Problems			Solutions
Increased Competition	Restaurants Pushing Back Against Fees	Consumers Using Multiple Platforms	
✓	✓	✓	Partnerships with Ghost Kitchens / Restaurants
✓		✓	Subscription Based Model
✓		✓	Turn GrubHub into a “Social Food App”

Use **AI** to improve customers' experience and optimize delivery

Exclusive Partnerships

Ghost Kitchen:

Professional food cooking facility set up for the preparation of delivery-only meals.

- Lower Upfront Costs
- Lower Operational Cost
- Optimized Delivery
- Faster Expansion

Joint venture with one major player:

CloudKitchens (former Uber CEO - over \$700 million invested)

Two main types of Ghost Kitchens:

Partnership with **Major Chains:**

- Have a location just for the chain, depending on demand
- Build tactical ghost kitchens throughout different city locations

Partnership with **Small Businesses:**

- One large central location with many small specialized kitchens
- Economies of scales
- Smaller cost for small businesses

Multiple
Kitchens

Ghost Kitchen Joint Venture:

Key Advantages:

GRUBHUB

- **Exclusive right** to sell food from restaurants (↑revenue)
- **Optimizes operations** by having one central location (↓ cost and faster delivery)
- **Efficiently deliver** from different restaurants in one order

- **Secured revenue** coming from GRUBHUB who pays for partners using kitchens
- Opportunity for **expansion** as GRUBHUB offers ghost kitchen partnerships in many new locations

- **Secured rent** from GRUBHUB who pays in exchange for exclusivity with restaurants
- **Optimizes operations** by having one central location just for delivery/ no walk-ins (↓ cost and faster delivery)

Subscription Based Model

GrubHub will offer two options:

1. Standard: pay for each delivery
2. Premium: \$9.99/mo or \$59.99/ye

Premium Account perks:

- Free delivery
- Food from different restaurants in one order
- Coupons with better deals
- One day a month/week offer best deals
- Meal paid by GrubHub

Turning GrubHub into a Social Food App

- Build a profile
 - Single/married/parent
 - Employee/student
 - Input food preferences: healthy, cheap
- Maintain a GrubHub balance from refunds
 - Can be transferred to connected bank account
- Add friends through phone number, Facebook, etc.

unlock trophies and levels over time

FRIENDS NEWS FEED

Eva Amessé ordered KFC
with John Graham and Anthony Yim
Watching the game & eating chicken legs!

Of course ice cream machine wasn't working!

Use of Artificial Intelligence

Implementing AI to enhance solutions

Partnerships with Ghost Kitchens / Restaurants

- Create algorithms to optimize delivery time

Subscription Based Model

- Analyze consumers' willingness to pay to offer profit maximizing prices
- Offer better deals and coupons

Turn GrubHub into a "Social Food App"

- Use data to improve users' experience
- Provides customer interaction data
- Personalized food recommendations
